This program is run 100% by volunteers who are committed to promoting the sport of sailing. As such the WSC is able to offer sailing programs at less than half the price of some other clubs.

We understand that people have busy lifestyles however some parental assistance is required to run the junior component of the program effectively. Participants are responsible for the set up and pack down of their boats. We provide sail coaching for club members and are not providing official YA Logbook courses.
